Subject: RD Point of Contact for Rodenticides  
Date: 06/20/2011 05:38 PM

---

Everyone:

John is the point of contact for all rodenticide questions and issues. I've told OGC and PRD that all questions, etc. need to be directed to him and he will respond for us. There are too many people involved in the multiple issues and it is not clear who is responsible for responding to each inquiry. John will come to you when we get an inquiry and together you can formulate the response.

(exception: Bill and Colwell do not need to go through John as they work on the efficacy paper).

See me if you have any questions,  
thanks.  
Meredith
